Nights at Festival (circle those that apply):      Wed    Thu    Fri    Sat

Here we are truly a community. The tribes gather in a big village to relax in nature, dip into the hot tub or pool and gaze at the starry sky or indulge in drumming or music jams. This is an intimate and friendly event where everyone is staff and contributes to this coop event. It will be a totally private location and only for pre-registered attendees; with **no** drop ins. See newsletter or on line for more info.

**Stone City** is a Pagan center located in the wild hills of California's Diablo Range, just outside the San Francisco Bay Area, in eastern Santa Clara County. Stone City is dedicated to creating sacred spaces for ritual, worship of Pagan deities, and community gatherings. All Pagan faiths and traditions are welcome. Visit the website at **www.thestonecity.org**.

Fees include, camping, workshops and rituals. Community work is expected from all participants for at least one hour for each night. Enclose a description of any workshop you plan to lead and time preferred, so it can be included in the festival program. (Last minute bulletin board sign-ups are OK.) All large rituals must be scheduled in advance. **Parents**, bring toys or activities to share in the children's program. **All pre-registrations must reach us by May 10.** Register online with PayPal by May 8.

**Check here if:**     You need to mail me information; I cannot look on the website.
